

“I Will Meditate on
God’s Wonderful Works”

Take Home Page

Big Idea: God wants us to think about and appreciate His works so that we can grow in our love and understanding of how great He is

Memory Verse Review: “Great is the LORD, and greatly to be praised,
and His greatness is unsearchable.”

Psalm 145:3

At Home Activity: Leaf Study

Take your child to a park and collect one leaf from as many different plants as you can find. (Beware of poisonous leaves). Bring the leaves home and study them together. How many different shades of green are there? How many different shapes are there? How many different textures are there? Do some leaves smell different than others? Have your child paint the leaves and make prints on paper or do rubbings with crayons of the various leaves. Read Psalm 145:1-7 together and talk about what it means to meditate on God’s works.
